THE LEADERSHIP SCAN WHEEL

Directions: Score your sense of satisfaction with your leadership as it is now, comparing it with how you would like it to be. Use a scale of 0 to 10 to assess your level of satisfaction of each aspect of your leadership, then draw a line connecting each one. What kind of wheel emerges?

SELF-AWARENESS

the degree to which inner self-awareness is expressed through high integrity leadership

AUTHENTICITY

capability to relate to others in an authentic, courageous, and high-integrity manner

SYSTEM AWARENESS

Focus on whole system improvement, productivity, and community welfare

RELATING

capability to relate to others in a way that brings out the best in people, groups, and organizations

ACHIEVING

extent to which you offer visionary, authentic, and high achievement leadership

FEEDBACK & ACCOUNTABILITY

ability to give and receive feedback & ability to be accountable and keep others accountable

COMMUNICATION

ability to clearly communicate your idea, vision, and request

LEARNING & DEVELOPMENT

ongoing professional and personal development
